Description: **D17 Crisp Glass Cleaner Concentrate** is a 50:1 concentrate, generating savings for over-seas shipping as there is very little water in the formula. **D17 Crisp Glass Cleaner Concentrate** uses a proprietary colloidal silica surfactant that refracts light differently than other surfactants causing it to generate a highly streak free finish.

Directions: Shake well. Dilute product 50:1; 1 part concentrate and 49 parts water, preferably deionized for best results. Mist onto glass or other substrate to be cleaned, using sparingly. Wipe using a fresh microfiber towel and observe product flash to a clear, streak free finish. Repeat applications where necessary for stubborn grime.
