

Pure Science. Perfect Finish.

TECHNICAL DATA SHEET

Product Name: D32 Glass Polish

Part No.	Size	Unit
D32-16	16oz	12/Case
D32-32	32oz	12/Case
D32-1G	1 Gallon	4/Case

Description: D32 GLASS POLISH is a light polish that is custom designed to remove light imperfections and minor scratches from delicate glass finishes. This polish utilizes cerium oxide to generate a chemical-mechanical abrasion at the glass surface that chemically etches the glass to produce cut. Body shop safe formula and VOC compliant.

Directions: Shake well. Buffer Use: Use a soft foam pad, apply evenly to a cool clean 2 ft by 2 ft area. Begin buffing slowly using light to moderate pressure. Decrease pressure as imperfections disappear. Monitor heat generation and mist with water as product begins to run dry for additional lubrication. Hand Use: Apply a small amount to area. Using a soft terry cloth towel, rub effected area until desired results are achieved.

General Info:

Cautions: Can cause eye irritation. Excessive inhalation may cause respiratory irritation. Ingestion can cause gastrointestinal irritation. Prolonged skin contact may cause slight irritation.

First Aid: Eyes: Flush with water for 15 minutes, call physician if irritation persists. Inhalation: Remove to fresh air, call physician if irritation persists. Ingestion: Do not induce vomiting, call physician.

Technical Data:

Flash Point:	>100 C @ 101.3 kPa (Closed Cup)
Appearance:	Tan
Physical State:	Creamy, viscous liquid
Odor:	Characteristic
Specific Gravity:	1.173 g/cm ³ , 9.78 lbs/US Gal (H ₂ O = 1))
Dangerous Goods:	Not Regulated - US DOT, IATA, IMDG
